BONDS SELL SLOWLY

BANKS REPORT INCREASED INTEREST AMONG FARMERS.

HAINES' BUNCH BUYERS

Employees of Store Subscribe $550 to Issue, Each Taking a $50 Bond From Savings Account.

Following the campaign that has been planned by the banks of the county to secure subscriptions to Liberty Bonds, Maryville banks report that requests for information are coming in, indicating that there is a desire on the part of the general public, and especially the farmers, to know more about the bond issue. So far there have been no large subscriptions to the issue here.

The First National Bank reported this morning that they had received subscriptions totaling $13,650, with $9,600 of this sum having been subscribed by farmers living outside Maryville. Figures from the other banks were not available this morning.

With the exception of the employees of the Haines store, all subscriptions reported to date have been made by individuals. This morning the Haines employees, eleven of them, each purchased a liberty bond from their joint savings. From one dollar each month, deposited by each employee during a period of forty-one weeks, to which has been addeed fines imposed, each had an account in savings totaling $58.00. It was decided that $50 bonds be purchased and at Christmas the remainder of the accounts will be spent for Christmas gifts. The weekly deposit will be continued by each employee of the store, the plan having proven one of practical worth.

Records show that the farmers played a very small part in floating the first Liberty Loan. In all sections of the country the subscribers in the rural districts were few and far between, but at the time the loan was floated the farmers were straining every nerve to increase their crop acreage and no special appeal was made to them. Much literature and information is being disseminated by the Maryville banks in an effort to educate the farmers to the importance of investments in the second Liberty Loan issue, together with their desirability, and the effort is beginning to show in the inquiries received.

HE'S GLAD TO DO HIS BIT

Bryan Sells, In France, Writes Mother He Hopes His Brother May Join Him in the Service.

The following letter from Private Bryan Sells, with the American Expeditionary Forces "Somewhere in France," to his mother, Mrs. W. J. Sells, of Maryville, shows an American boy's willingness to do his "bit." The letter is as follows:

"Somewhere in France, Sept. 14.—My Dearest Mother: Will drop you a few lines to let you know that I am well and all O K and hope you are the same. We are in France now and very close to the firing line. We see troops coming in every day from the front and their worn and tired expressions show that they have done their share for France and are willing to go back again.

"Dear Mother, you must not worry about me because I am all right and in case of emergency you will know about it. Was brother drafted? But lets hope we are in the service together and that God will bring us back home together just as we left. We all have our little bit to do and it is best that we do it and have it done.

"Have you gotten your money yet? I will close for this time. Answer soon. Your loving son and brother, Private Bryan Sells, 7th Regiment A. E. F.—France.

THIEVES ROB CLYDE STORE

Crack Safe at Enis Bros., and Get $20—Make Attempt to Steal Car From Bogart Garage.

Thieves who broke into the store of Enis Bros., at Clyde last night were in no hurry to depart after robbing the safe of about $20 in cash and appropriating two pairs of gloves and a quantity of tobacco. Canned salmon and other edibles, as well as cookies and cakes furnished a midnight meal and evidence that they had enjoyed it were found in the store this morning.

After burglarizing the store the robbers went to the O. P. Bogart home, a short distance away and made an attempt to take Mr. Bogart's automobile from the garage. The thieves trying to crank the machine in some way touched the button that sounded the horn. The noise awoke Mr. Bogart, who secured a gun and went to see what the trouble was. The men—there were two of them—seeing they were about to be caught ran towards the railroad tracks. Mr. Bogard shot at them, but missed. No trace of them could be found. Entrance was gained at Enis Bros., by forcing a rear window.

TO BE NO APPLAUSE

FLAG WAVING INSTEAD AT BIG CHURCH CONVENTION.

SOME NOVEL FEATURES

Meeting at Kansas City Next Week Will Be Largest Attended Religious Gathering in the World.

A number of Maryville members of the Christian church are planning to attend the National convention of that denomination at Kansas City next week, which on account of its being held in a central location, is expected to be the biggest assemblage of that church ever held. The Kansas City Star in telling of pre-convention plans says:

"All available space in downtown hotels has been taken in advance and reservations are now being made in hundreds of residences. Christian church conventions have the reputation of being the largest attended religious gatherings in the world.

Convention hall is to be especially decorated for the convention. Mrs. L. J. Taylor has a unique decoration plan, and will be recommended as a permanent arrangement at the big hall.

To seat ten thousand persons in Convention hall and maintain decorum, even in a religious gathering, is a difficult task. The delegates will be seated by states, standards locating the various state delegations. The Rev. A. E. Cory will come from Cincinnati to assume charge of this work.

Exhibit rooms will be under the balconies. Missionary societies and publishing houses will have displays. A convention registration fee is charged to cover cost of programs, badges and other expenses. The local committee, in charge of Judge Kimbrough Stone, has a fund of $5,000 to cover incidental expenses not provided by the registration fee.

The edict is that there will be no applause at this convention. Leaders say that previous convention programs have been materially handicapped by enthusiastic outbursts of approval by way of the handclap. This is to be sidetracked in favor of the waving of flags as a manifestation of approval.

Musically speaking, the convention will be most pleasing. The community chorus will sing several times during the week and assist at the pageant the closing night. Prof. W. E. M. Hackleman of Indianapolis will have charge of the music. John R. Jones will direct the community chorus. There will be an orchestra of fifty pieces.

Special numbers by women's quartets of Christian College, Columbia and William Woods College, Fulton, are planned. There will be a number of soloists.

Among those from Maryville who will attend the convention will be Rev. and Mrs. C. Emerson Miller, Mrs. J. B. Robinson, Mrs. J. S. Shinabargar, Mr. and Mrs. W. C. Frank, G. B. Roseberry, Mrs. Henry Westfall, and others.

WAR WORK COUNCIL

GOV. GARDNER INVITES Y. M. C. A. WORKERS TO CAPITOL.

TO PLAN CAMP PASTIMES

R. A. Long, of Kansas City, Chairman, Has Asked That Maryville Be Represented at Meeting.

Governor Gardner has invited the state conference of the war work council of the oung Men's Christian Association to hold its session in Jefferson City tomorrow and he has consented to be one of the speakers on that occasion. In commenting on the conference, Governor Gardner says:

"The claims imposed by the war on citizens of our state are many and varied but one of the strongest is the support which those of us who remain at home owe to those sons of the state who are now training in camp and overseas. One of the most telling forms of this support has been undertaken in camps and overseas by the Young Men's Christian association at the request of the president of the United States. Circumstances now require its enlargement far beyond what was expected when war was declared. In addition, the authorities of France, Italy and Russia ask America's help in upbuilding the morale of their armies, as this organization has done with our American soldiers.

Among other speakers at the state conference will be George Sherwood Eddy, who has just returned from a visit to the allied camps in France and Flanders, and the American camps lately established. He will tell of his first hand impression of what has already been done and what is yet to be done for our soldiers overseas. Mr. Eddy says that more than twenty tons of writing paper and envelopes have been given away monthly by the Red Triangle workers to the soldiers in Europe. This represents some 20,000,000 letters.

A provisional committee on ways and means with R. A. Long of Kansas City as chairman, is working on a plan to be presented to the patriotic citizens of Missouri to consider the methods for securing the $600,000 that Missouri is asked to raise as its share of the $35,000,000 campaign the week of November 11. The conference will be held in the new capitol building and will be the first gathering to be held in the new hall of representatives. Sessions for morning, afternoon and evening are being arranged and a good representation from the entire state is expected.

It is understood that the proposed fund is not for Y. M. C. A. purposes in the usual sense, but is a provision by which the association organization may be utilized for essential service to men in camps, cantonments, on shipboard and overseas. Work has already been done in France with hearty endorsement and co-operation of General Pershing, Major Siebert and other officers.

Secretary E. M. Claypool of the Commercial club is in receipt of a letter from R. A. Long, asking that Maryville be represented at the meeting.

THE TEST OF PATRIOTISM

BACK FROM VISIT AT CAMP

Maryville Folks Watch the Boys at Drill at Funston — Ladies Are Shown Every Courtesy.

Mr. and Mrs. Frank Dinsmore and little daughter, Neva, Mrs. John Gregory and Miss Ella O'Grady returned last night from a trip to Camp Funston, where they visited Mrs. Gregory's husband, and Miss O'Grady's brother, Ray, and other Maryville boys, who are there.

Mr. and Mrs. Dinsmore, Mrs. Gregory and Miss O'Grady left Maryville about 10 o'clock Saturday morning in the Dinsmore car, arriving at Manhattan, Kan., at 7:30 o'clock that evening, where they remained over night. At Manhattan soldiers were everywhere but no Maryville boys did they see until Sunday morning when they drove to the camp.

At the camp they secured permits without any difficulty, where in company with O'Grady and Gregory they were taken through the grounds. They visited the Y. M. C. A. and the Knights of Columbus halls, but were not allowed to go through any of the barracks, or at least the women were not.

The visitors were warmly welcomed by the Maryville soldiers who surrounded them at every nook and corner, asking after parents, sisters, brothers, sweethearts and friends.

"The boys seem very happy and contented, and the practice they are getting seems to agree with them," said Miss O'Grady today. In telling of her visit Miss O'Grady expressed her full appreciation of sand, wind and all that goes with army life, but said she was mighty glad to get back to her father's table, as a sandwich and a cup of coffee at 10 o'clock Saturday night was very light supper, after traveling all day.

Special to The Democrat-Forum.

Marshfield, Mo., Oct. 16.—Claud Piersol was found guilty of kidnapping Baby Lloyd Keet by the jury here at 10:25 o'clock last night. He was sentenced to thirty-five years' imprisonment.

Counsel for the defense immediately filed a motion for a new trial which will be acted upon in November.

Aside from a slight quivering of his chin, the youthful defendant accepted the verdict in the same calm manner he has shown throughout the week's trial.

Mr. and Mrs. J. Holland Keet were in the courtroom when the verdict was rendered as were the parents and sister of Piersol.

Everything was very solemn. The verdict was read, the jury discharged and the small crowd that had gathered quietly started home.

Today Piersol was reported to have confessed to kidnapping the Keet baby the prosecutor announcing that he heard the confession implicating the mysterious Scarface Charlie and another unknown man. Important arrests are expected soon.

10,000 CATTLE BURN

MILLION DOLLAR FIRE PARTIALLY DESTROYS K. C. YARDS.

WAR PLOT SUSPECTED

Government Officials Will Make Strict Investigation—Speculators Will Be the Heaviest Losers.

Special to The Democrat-Forum.

Kansas City, Oct. 16.—The latest estimates this morning were that between eight and ten thousand cattle and three thousand hogs were burned in the million dollar fire that partially destroyed the Kansas City Stock Yards early this morning.

Thousands of cattle and hogs perished in the fire at the stock yards this morning, destroying twenty acres of cattle pens and hog houses. Thousands of cattle and hogs were turned loose in the streets and the monetary loss is estimated at over a million dollars. Speculators will be the heaviest losers as it will be impossible to identify their animals.

None of the officials at the yards would say that a war plot was suspected, though a thorough investigation is being made. The assistant fire chief of Kansas City, Kan., who was one of the first to arrive on the scene, says there is every indication that the fire was of incendiary origin. There will be a strict investigation by government officials.

The burned section is largely the rebuilt section which was burned three years ago.

Disastrous fires have visited the stock yards before. Just three years ago next November 6, thirty acres of cattle pens were destroyed by a conflagration that started shortly after 9 o'clock at night, but spread so rapidly that firemen from the two cities worked throughout the night to prevent a total destruction. The thousand cattle in the pens at that time were removed to safety. The loss was a quarter million dollars.

VOTERS KEEP IOWA "DRY"

Majority of 35,000 at Yesterday's Election for Constitutional Amendment is Returned.

Residents of Southern Iowa will still continue to patronize north Missouri's booze joints, traveling the roads through Maryville, the voters of the state at yesterday's election having decided to keep the state in the dry column. The estimated majority on the constitutional amendment was 35,000. The state has been dry by statutory provision for two years. The amendment voted on yesterday becomes effective immediately.

Of 328 precincts out of a total of 2,358 in the state the drys lead by 37,730 to 28,536. This majority says a dispatch if kept up would pile up a dry majority of fifty thousand, but the precincts given are slightly favorable to the drys. The cities in the eastern part of the state generally polled a heavy wet vote, but this was overcome by the large dry vote of the interior counties.

Des Moines went dry by 1,149.

Observation and Deduction.

All science that is worthy of the name is based on accurate observation upon which must follow intelligent deduction from the data thus collected.

Correct observation and deductions are not easy processes by any means. Errors may creep into the deliberations of those well trained. Still, by constantly working away at it, the keen observer learns things and his deductions are more and more accurate.

Dr. Prettyman makes a study of Nervous and Chronic diseases, has ample opportunity to observe the proper way to diagnose and treat them, and his success proves this to be the case. Consult him at the Linville Hotel, Wednesday, October 17.

Make Your Own Cough Syrup and Save Money

Better than the ready-made kind. Easily prepared at home.

The finest cough syrup that money can buy, costing only about one-fifth as much as ready-made preparations, can easily be made up at home. The way it takes hold and conquers distressing coughs, throat and chest colds will really make you enthusiastic about it.

Any druggist can supply you with 2½ ounces of Pinex (60 cents worth). Pour this into a pint bottle and fill the bottle with plain granulated sugar syrup. Shake thoroughly and it is ready for use. The total cost is about 65 cents and gives you a full pint—a family supply—of a most effectual, pleasant tasting remedy. It keeps perfectly.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the inflamed or swollen throat membranes, and gradually but surely the annoying throat tickle and dreaded cough will disappear entirely. Nothing better for bronchitis, spasmodic croup, whooping cough or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, and is known the world over for its prompt healing effect on the throat membranes.

Avoid disappointment by asking your druggist for "2½ ounces of Pinex" with full directions and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

Think It Over

In time the oil gums, produces friction and wears the delicate bearings, destroys their high finish and perfect fit, thus ruining an accurate timepiece.

An ordinary machine is oiled daily. Your watch should be oiled once a year.

Overworked Women
must learn not to neglect their health

How Women are Restored to Health

Spartanburg, S.C.—"For nine years I suffered from backache, weakness, and irregularities so I could hardly do my work. I tried many remedies but found no permanent relief. After taking Lydia E. Pinkham's Vegetable Compound I felt a great change for the better and am now well and strong so I have no trouble in doing my work. I hope every user of Lydia E. Pinkham's Vegetable Compound will get as great relief as I did from its use."—Mrs. S. D. McAbee, 122 Dewey Ave., Spartanburg, S. C.

Chicago, Ill.—"For about two years I suffered from a female trouble so I was unable to walk or do any of my own work. I read about Lydia E. Pinkham's Vegetable Compound in the newspapers and determined to try it. It brought almost immediate relief. My weakness has entirely disappeared and I never had better health. I weigh 165 pounds and am as strong as a man. I think money is well spent which purchases Lydia E. Pinkham's Vegetable Compound."—Mrs. Jos. O'Bryan, 1755 Newport Ave., Chicago, Ill.

Culver's Duroc-Jersey Boar Sale

At Riverview Farm ½ mile west of Barnard, Mo., on

Thursday, Oct. 25

These pigs are all Spring 1917 farrow and are very large, heavy boned lengthy fellows. Some have said these are the best lot of Boars I have ever raised. However that may be there are some mighty choice Boars in this offering.

These pigs are of the same breeding as the gilts I sold this summer (as good as ever went through a sale ring) and are sired by my herd Boar, RIVERVIEW KING as good a boar as there is in the state. These are not slop pigs; they have had large range and are not loaded down with fat, but are in the best breeding condition.

Come and buy a boar you can depend on.
Sale will be held under cover, rain or shine.
Lunch on grounds.

Your one great regret is that you cannot go with them; your most fervent hope and prayer is that they may return safely, and victorious.

THIS IS THE PURPOSE OF THE SECOND LIBERTY LOAN.

The purpose of the Second Liberty Loan is to help make victory sure, and to save the lives of our sons.

The money you pay for Liberty Bonds buys food, clothing, guns, and ammunition for the boys you now see marching away.

They cannot fight without arms and equipment; the more quickly and liberally these needs are supplied the sooner the war will be over — and the more American soldiers will come home in safety.

The bond you buy will help buy these necessities It will help shorten the war. It may save a precious life.

YOUR PART IS MERELY TO LEND MONEY.

Those stalwart lads you see marching past with smiles on their lips and high courage in their hearts are ready to lay down their lives for their country.

Their country — YOUR country — simply asks you to LEND your money to help our soldiers win the war — to aid in arming and feeding and clothing them — to protect them as they fight YOUR battles.

This is a Duty, a solemn, sacred Duty, which MUST be performed.

It is a Duty which falls upon all of us, rich or poor, according to our means and our ability.

The war is now a fact—an American fact. We are in it. We are in it to stay. We are in it to win it. We MUST win it. Our sons must come back to us crowned with a glorious victory.
